information**

DECEASED (PER SSA RECORDS)

If Social Security records indicate any of the names and SSNs submitted for verification belonged to deceased individuals, the page will display a table with the information pertaining to these requests.

What To Do If An SSN Fails Verification

- Compare submitted information
- Ask employee to verify the information /
View Social Security card
- Ask employee to check with any local
Social Security office
- Document your efforts

Reminders!

- A mismatch is not a basis, in and of itself, for you to take any adverse action against an employee, such as laying off, suspending, firing, or discriminating.
- Company policy should be applied consistently to all workers.
- Any employer that uses the mismatch information to take adverse action against a worker may violate State or Federal law.
- The information from SSNVS does not make a statement regarding a worker's immigration status.
